Final Payment Due

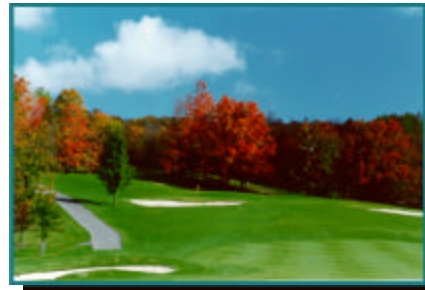

Will the 2000 victors pay first?

Would you bet that this scary bunch would be the first to submit their final payment? Hmmmmm, I highly doubt it! But don't let that stop the rest of you from making that final payment on time! The final payment of \$130 is due at my mailbox by Friday Sept. 7th, 2001. **DO NOT** be late or you will lose your deposit! We DO have a waiting list for people ready to step in, so make sure you mail it 5 days in advance.

Make checks payable to "Paul Gomez" at the address in the lower left corner.

I once remember weather like above, don't you? The Director of weather procurement has promised nothing less, but we all heard that before...just don't shoot the messenger!

Prizes Anyone?

As most of you know, a Skins Game was added last year for each days event. A charge of \$20/team (\$5 person) was required before the start of each round. This year the Yoot Board of Directors has decided that ALL teams will be entered automatically UNLESS you tell us one day ahead of time, given that we will not have the opportunity to collect these monies beforehand. We have also added another game called "Feast or Famine" on a designated par 3 each day. Cost is \$5/person. If your ball lands on the green, you share the pot, in which case you are at least guaranteed your money back. This will be the same as the skins, so unless you tell us otherwise you are entered for a total of \$10/person per day for up to \$600 in bonus money per day! Yippee!
