### Yootshoot Facts

In 1997, a former Yoot, Dale  
"Topper" Traver, along with a  
group of other Yoots, played  
the Yoot Pre-round in shorts &  
t-shirts at The Dream in West  
Branch. The temperature hit  
76 degrees...the last time such  
weather occurred. It was also  
the last time "Topper" played.

# YOOT SHOOT POST

## 102, 103, 104....

*Jones Masterpiece #11*

And still counting! What an  
unbelievable response! 104 official  
2004 Yooters with a few more on the  
way! Due to the amount of golfers,  
Treetops Resort will allow us to add a  
few more teams up until August 1<sup>st</sup>. So  
if you know anyone dying to get in,  
have them contact me via email.

Yoot headquarters has fired up the  
generators and is starting preparations  
for this year's event. A contingent of  
Yoot Board members will visit Treetops  
in Mid – August to advise the ground  
crew on final conditioning of the greens,  
and to "test" the playing conditions. A  
full report will be available to all in the  
August Yoot Post.

## Don't Be Fooled

*A Yoot recovers from frostbite*

For those of you new to the Yoot Shoot,  
we have experienced a horrible streak of  
bad luck with the weather the past 6  
years! Traditionally the Yoot took  
place the first weekend of October, but

this year the board has decided to  
change our streak of bad luck and move  
it back one more week where we have  
experience perfectly beautiful weather  
EVERY year. However, for those first-  
timers, WEATHER has no meaning to  
the true Yooter. Play will occur as long  
as the course will allow, so be prepared  
for ANY weather catastrophe. Quitting  
as well as crying, is not allowed in the  
Yoot!

## Ryder What?

*The Yoot Cup - A Lifelong Dream*

Just ask Tommy "Tutone" Caruso, the  
winner of the 2004 WWOG Cup what it  
is like to sip nectar from a champion-  
ship trophy. "I could have never of  
dreamed of anything better...the beer  
dribbled down my chin and onto my  
new Izod" Tommy said just after  
receiving his shiny new cup. Tommy  
along with the rest of the 2004 crew has  
set their eyes on only one goal...the  
champions ceremonial sipping from  
Lord Yoots Cup! Start the Training.
